

BOAT

BUILDING OFFICIALS ASSOCIATION OF TEXAS

**INTERNSHIP PROGRAM
TRAINING OUR FUTURE GENERATION**

About the Building Officials Association of Texas (BOAT)

BOAT is an affiliate of the Texas Municipal League. BOAT continues to promote safe building construction, consistent use of International Code Council (ICC) codes, and to remain a responsible resource in advancing the building industry. BOAT is committed to building a strong and safe Texas!

BOAT Internship Program

The Internship Program is designed to accomplish the following:

- To provide a method of identifying and training potential future code professionals
- To encourage participating

interns to pursue a career as a code professional

Program Details

The internship program is designed to encourage students to pursue a career as a code professional by:

- Aligning qualified individuals with the activities of the development process through hands-on code training
- Providing students with exposure to building code plan review and inspection practices not available in their school environment
- Pairing interns with code professionals who act as mentors.

Award Duration and Stipend

- Multiple internship programs may be provided every year. Please visit boatx.org for additional information.
